DETAILED ACTION

Election/Restrictions

1. Claim 19 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 6.
2. Applicant's election of apparatus claims 1-18 in Paper No. 6 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Drawings

3. The drawings are objected to because the three (3) drawing figures shown for Fig. 6 should each be labeled as a separate figure number, e.g., Fig. 6a, Fig. 6b, Fig. 6c. **Applicant should also amend the "Brief Description of the Drawings" section on pages 5-6 to include references to these drawing figures.**

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

4. Claim 6 is objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in the alternative only. See MPEP § 608.01(n). Also, in claim 6, it is unclear what the difference is between the "first and second projections" (claim 6) and the "first and second ridges" (see claim

Art Unit: 1744

3). It is unclear where these "projections" (for notches 46) are located in the drawing figures.

Claim 17, line 1, "Claom" should read --Claim--.

5. Claims 1-18 would be allowed if the above objections are addressed and corrected.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references to Barr, Weyer, Vignaud, GB '927, Austria '544, and France '009 are pertinent to various brush arrangements with multiple or adjustable head arrangements.
